UNEQUALLED BATHING COMFORT

## AquaRite® Pro is:

### A SIMPLE, AUTOMATIC SALT TREATMENT SYSTEM

AquaRite® Pro is a **state-of-the-art salt chlorinator**.

Together with the **Sense & Deliver module**, it automatically adjusts the pH and chlorine in your pool, **to give you perfectly soft, healthy water at all times**. It is the ideal product to simplify your pool maintenance and give you complete peace of mind!

### INNOVATION AT THE SERVICE OF YOUR POOL

As it is fitted with a TurboCell®, AquaRite® Pro requires only a minimal amount of salt: 3.2 g of salt per litre of water.

And once the pool has been treated, the salt recombines for another cycle: **salt consumption is almost zero!**

DID YOU KNOW?

Chlorine tablets give off chloramines, chemical compounds that cause allergies. The extremely pure chlorine produced by AquaRite® Pro gives off very few

## ADAPTABLE

TurboCell® is **available in 3 sizes** to fit all pools. AquaRite® Pro can **easily be installed in all pools**, new as well as existing ones!

Available in a Low Salt version  
(1.5 g of salt per litre of water)

## EASY TO MAINTAIN

AquaRite® Pro has a polarity reversal cell that **limits the formation of scale on the electrodes**: the product requires less maintenance and lasts longer!
