

ColorLogic® II / CrystaLogic®

Standard or compact,
LED lights that meet your needs!

Significantly lower electricity consumption
than conventional lights: **10 times less**

ColorLogic® II:

- Available in **3 or 9 synchronisable coloured LEDs** to create custom lighting atmospheres.

CrystaLogic®:

- Powerful white LED lighting** featuring long lifetime and easy installation
- Available in **mini LED** (3 LEDs) and **standard light** versions (30 LEDs)
- Replaces the incandescent PAR-56

CrystaLogic®

Optional remote control available

The mini LED range: light up specific areas such as stairs or spas. Can be synchronised with ColorLogic® II lights.
